

Sisters Construction Inc.

Construction • Development • Advisory Services

**WOMEN WITH VISION, WHO KNOW
CONSTRUCTION**

Capability Statement

About Us

Sisters Construction Inc. is a leader in quality commercial and residential remodeling, construction, and infrastructure.

We are General Contractors and Machinery and Pumps Contractors. We are a certified Woman / Minority Business Enterprise (WMBE), Disadvantaged Business Enterprise (DBE), Micro Small Business (SB), and Local Business Enterprise (LBE); that provides professional Construction services for construction projects in the San Francisco Bay Area. Patricia McElroy has worked with Perini Construction, Hathaway Dinwiddie Construction Co., CLARK Construction, Turner Construction, and Harris Hoisting.

Within SCI, our culture promotes a team environment for each project, utilizing proactive management techniques to keep all work within the allotted budget and schedule. The team approach and open transparency help us to develop a grounded and trust-based relationship with each of our clients, ultimately allowing us to deliver the highest quality of construction services. We have a diverse selection of subcontractors and a database that can support any level of required diversity participation requirements.

SCI has extensive disaster recovery and resiliency experience and capabilities. Our staff has partnered with clients to successfully deliver these professional services on numerous recovery and rebuild efforts in Sacramento, San Francisco, Oakland, and other locations throughout the Bay Area.

Our construction company offers women various career options, from skilled tradespeople to engineers to project managers to architects. Our goal is to encourage more women to get involved in this career path so they may have more professional opportunities and more means of making their mark in their communities.
